Reported Injured in Railroad Accident

**SWITCH TURNED THE WRONG
WAY CAUSED WRECK THAT
RESULTED IN AN ENGINEER'S
DEATH.**

Stouvenville, Ohio, Feb. 16.—A
Wheeling and Lake Erie engine,
while running fast to make a grade
in the Labeled Iron Works yards ves-
terday afternoon, struck a bad switch
point and upset over the bank. Four
men were in the engine cab. Engi-
neer Andrew Reming, aged 39, of
Norwalk, was caught under the en-
gine and crushed to death. Conduc-
tor Edward Daffney was injured on
the leg and side. Fireman Ed
Hoover and Yardmaster Edw. Coon
were bruised in jumping. The en-
gine was wrecked and cars were de-
railed.

THROWN OFF THE TRACK.

And Turned on Its Side Was the Fly-
er—Many Reported Hurt.

Cumberland, Md., Feb. 16.—Balti-
more and Ohio Passenger Train
No. 2, from St. Louis and Cincinnati
to New York, running four hours
late, was thrown from the track by
spreading rails at Engle's Switch, near
Martinsburg, Va., yesterday after-
noon. The entire train was turned
over on its side and one car was
split clear in two. A number of
passengers are reported seriously in-
jured. Wrecking crews were sent
from Cumberland, Keyser, Martins-
burg and Brunswick.

COACH RAN WILD.

But the Plucky Conductor Aided
Passengers to Escape.

Stirvont, Colo., Feb. 16.—Twenty
passengers, including one woman, in
the southbound passenger train on
the Gladstone and Northern Rail-
road, were saved from possible death
through the bravery of Conductor
Carl Barnes. A mile from Stirvont
the rear coach broke loose and be-
gan to run back down the steep
grade. The passengers were panic-
stricken and rushed for the platform,
but Barnes restrained them and as-
sisted them to jump from the rapidly
moving car.

As Barnes was about to jump the
car left the track and rolled down
an embankment. Barnes was badly
crushed about the hips and body.

WERE MERELY SCRATCHED.

Maysville, Ky., Feb. 16.—A spread-
ing rail caused two passenger coach-
es on the L. and N. Road, due here
at 2 o'clock, to upset, throwing the

**HIS WIFE REPORTED TO BE SER-
IOUSLY ILL AT THEIR HOME
NEAR LAKEWOOD, NEW JER-
SEY.**

New York, Feb. 16.—Mrs. John
D. Rockefeller, Sr., is reported to
be seriously ill in their home near
Lakewood, N. J. She has been un-
der the care of the family physician
for several days, but the exact na-
ture of the trouble has not been
made public.

At first it was thought her recov-
ery would be a matter of but a few
days, however, a turn for the
worse set in yesterday and a mes-
sage was sent to Mr. Rockefeller,
calling him home from Augusta, Ga.,
where he has been for several weeks.

In response to the telegram Mr.
Rockefeller left Augusta on a special
train for Lakewood.

**TO CHICAGO MISS LUDWIG WAS
GOING**

As She Admitted in Police Court
This Morning, When Theodore
Steinberg Was Arraigned.

The capacity of the mayor's office
was tested this morning when Theo-
dore Steinberg, of Chicago, was ar-
raigned charged with endeavoring to
induce a young woman to go to Chi-
cago to lead immoral lives.

The principal witness against
Steinberg was Miss Bessie Ludwig,
recently of Bluffton, who admitted,
however, that an intimate female
friend in Chicago—one Miss Sinn—
had been writing to her and telling
her of the golden opportunities that
awaited her.

Miss Ludwig said that after spend-
ing one evening and a part of a
morning in Lima she changed her
mind. Bluffton looked better than
Chicago to her after she took a little
time to think it over, which she had,
as she was arrested and held in the
city prison until the next day.

The case is still on trial this af-
ternoon. The defendant, who is rep-
resented by Attorney Rudenour, as-
serts his innocence.

DIED TODAY.

Mr. H. G. Settlidge, of Wapak-
oneta, secretary and treasurer of the
"Peoples' Oil and Gas Company," died
this morning. Mr. Settlidge had
many friends and business associ-
ates in Lima, to whom his death will
come as a shock.

JAP QUARREL IS SETTLED

**ORIENTAL SCHOOLS, SO FAR AS
JAPANESE ARE CONCERNED,
WILL BE ABOLISHED.**

Washington, D. C., Feb. 16.—The
San Francisco school controversy
growing out of the segregation of
the Japanese school children in that
city, has been settled.

The basis of the agreement reach-
ed at the White House conference
yesterday is that Mayor Schmitz and
the members of the school board will,
immediately after the passage of the
immigration bill as reported by the
conference in congress, abolish the
oriental schools and again admit

Japanese children into the white
schools.

The president and Secretary Root
gave the San Franciscans assurance
that if the bill is not passed at this
session of congress an extra session
will be called immediately after the
adjournment on March 4.

The abolishment of the oriental
schools applies, of course, only to the
use of them by the Japanese. Their
maintenance for the Chinese will be
continued.

**HANDCUFF KING TO BE STAR AT-
TRACTION AT HARRISON'S
THEATRE, 313 NORTH CEN-
TRAL AVENUE.**

(Sandusky Register)

Mr. Fred Gay, noted the world
over as "The Handcuff King," arriv-
ed in the city last night. He is a re-
markable man in more ways than
one. He has traveled all over the
world and as a result is an unusually
interesting talker, for his experi-
ences, trials and tribulations as well
as conquests, have been numerous.

Mr. Gay brought with him the pair
of handcuffs that were placed on the
wrists of Czolgosz, the assassin of
President McKinley, when he was
given into the custody of the police
on that eventful day of the Buffalo
assassination. This may sound
"fishy" to many, but every bit of
doubt is removed when a certificate
signed by the chief of the Buffalo po-
lice, and duly witnessed, is exhibited.

Mr. Gay gave exhibitions at the Buf-
falo exposition and it was into his
dressing room that Czolgosz was taken
after he had shot the president
to protect from the mob clamoring
for his life on the spot. The as-
sassin's hat was overlooked when
Czolgosz was removed and later,
when Mr. Gay turned it over to the
police, the chief, knowing that by
reason of his somewhat unusual busi-
ness he would appreciate them more
than anything else perhaps, gave
him the handcuffs.

Mr. Gay's visit in Sandusky has at-
tracted considerable attention. Al-
ready his wonderful feats have caus-
ed more or less talk and, incidentally,
wagering. One gentleman is out
with a bet of \$50—which has been
covered by the way—that Gay will
not be able to remove a pair of hand-
cuffs which are to be placed upon his
wrists, during a drive of two blocks
in the city patrol wagon. Mr. Gay
not only guarantees to remove them
but wants as many of the local police
as well as other prison officials as
the wagon will accommodate, to ac-
company him on the drive.

During his stay in Sandusky Mr.
Gay is to nailed up in a box to be
donated for the purpose, by a local
business man. "The Handcuff King"
does not care how many nails are
driven into the receptacle. He will
get out and that without breaking a
board.

Tuesday Mr. Gay will visit the po-
lice station and the county jail. He
will be ready to be surprised so it is
now up to the police as well as Sher-
iff Hoffman and his assistants, to
"get busy."

This clever individual has been
booked for Harrison's theatre, 313
north Central avenue, next week, and
you should not fail to see him.

**BISHOP TELLS SOCIETY WOMEN
THEY CAUSE GIRLS' DOWNFALL.**

Their "Unholy Lust for Bargains,"
the Rev. C. D. Williams Says, Sets
Wage Level That Precludes De-
cent Living.

Detroit, Mich., Feb. 16.—Bishop
Charles D. Williams at a noon Len-
ten service today attended largely by
society women declared that they
were to blame for the downfall of
girls employed in big department
stores.

"A poor girl goes to the city,"
Bishop Williams said, "and begins
work in a department store, manag-
ed by a representative Christian
man. Her wages are about \$4 a
week. She cannot support herself
on that. Then there comes the sug-
gestion—and I have heard it backed
up by the actual words of the so-
called Christian employer—that
there are other things she can do.

"Who is responsible? You, my
sister. The day of judgment will
be a day of surprises for you. You
will perhaps find yourself wearing
the brand of shame on your brow
that now seems so fair—not because
of wrong that you have done, but

that because of your unholy lust for
bargains you have made conditions
such that your life is a fortunate ac-
cident to the mad of the pay-
ments."

**THEN THE AMERICAN DELEGA-
TION CUTS LOOSE AT THE VAT-
ICAN.**

Rome, Feb. 16.—Church circles
are still discussing the unusual oc-
currences at the Vatican yesterday,
during the reception by Pope Pius X,
of a delegation of American pilgrims,
headed by Bishop Keiley, of Sa-
vannah, and Bishop Shanley, of Far-
go. An unprecedented scene of en-
thusiasm followed the address. The
pilgrims assured the pontiff that he
had the sympathy of American in his
struggle with France. Bishop Keiley
told him the hearts of 10,000,000
American Catholics unconditionally
support his attitude. In reply his
holiness said:

"Your filial phrases, I realize, are
the true echo of generous American
sentiment. This is no surprise to me,
for always have I received the most
consoling balm from America. I
believe America is the future land of
promise. Long live America."

It was in response to this declara-
tion that the pilgrims indulged in a
demonstration which has seldom, if
ever, been equalled in Vatican his-
tory.

Shonts Runs Up A Danger Signal

**STATES FIGHTING FOR LOW
REAL RATES SOWING A CROP
OF RECEIVERSHIPS, HE SAYS.**

Leave Railroads Alone—Watered
Stock All Right, Corporations All
Right, Labor All Right, Agnators
All Wrong.

New York, Feb. 16.—Theodore P.
Shonts, who was one of the guests
at the banquet of the Iowa club last
night, electrified that gathering by
a remarkable speech.

Mr. Shonts came out, if not as a
champion of stock watering, at least
as a defender of that practice, but
that was only incidental to a solemn
warning of the peril that lies in the
railroad rate agitation at present
sweeping the country.

"If the various states continue ar-
bitrarily to reduce rates, as some of
them are doing," he declared, "and the
various labor organizations continue
to press their demands for increased
wages and shorter hours, the next
unprecedented crop-harvested in this
country will be a record breaking
crop of receiverships. I wish to say,
and with all possible emphasis, that,
in my judgment, the time has come
to be fair to both sides of this con-
troversy. In other words, the time
has come for what the president
calls a 'square deal,' but we want it
all around."

**IS ANXIOUS FOR HIS TRIAL AND

STOUT TO HEAR IT.**

Georgetown, Ky., Feb. 16.—Caleb
Powers, in jail here awaiting trial
for complicity in the murder of Gov-
ernor Goebel, gave the following in-
terview to your representatives re-
garding Judge Stout's decision that
he will not try the Powers case be-
cause he aided in the Howard pro-
secution.

"My situation is indeed an embar-
rassing one. I have been confined in
jail for the past seven years, and
there has been one illegal and un-
fair trial after another and yet, after
these seven years, the conditions
surrounding me are such that I am
not only waiting, but anxious that
Judge Stout should hear this case,
although he has been an attorney
for the prosecution in the Howard
case. He was once called here to
help select a jury against me, and
has publicly expressed his belief that
I am guilty. But with all that he
would have given us a fairer trial
than any one Governor Beckham
might appoint."

**HEAD OF PRINCETON THEOLO-
GICAL SEMINARY HAS LETTER
TO SHOW JURY.**

Defense Lawyers Seem Disturbed—
Worried by Reports That Jerome
May Ask for Lunacy Commission.

New York, Feb. 16.—It was an-
nounced today that Dr. Francis L.
Patton, former president of Prince-
ton University and president of the
Princeton Theological Seminary will
be a witness for Harry E. Thaw on
Monday. Through Dr. Patton the
defense hopes to get in evidence a
letter written by Thaw soon after
his arrest. It is the contention that
if this letter is admitted in evidence
it will have a great bearing on show-
ing the condition of Thaw's mind in
regard to the killing of White after
his arrest.

Thaw's lawyers refused today to
make public this letter. It was
written from the Tombs not long af-
ter White was killed on the Madison
Square Garden roof. According to
Thaw's lawyer this letter was writ-
ten during the period when Thaw,
according to testimony of Dr. Brit-
ton D. Evans was insane in the
Tombs. Because of Dr. Evans' tes-
timony Lawyer Delmas feels that the
letter will be competent evidence to
corroborate Dr. Evans' testimony
that Thaw was not of sound mind
in August, about two months after
the shooting. It was recalled to
day that during the summer Dr.
Patton called on Thaw in the Tombs.

May Ask
For Test Now.

There is a feeling in some quar-
ters that it won't be long before an
application is made by somebody for
the appointment of a commission to
decide whether or not Thaw now is
insane. Some persons think that
Mr. Jerome, or somebody acting for
him will make this application. As
a matter of fact Mr. Jerome has no

such intention. It is known that
Mr. Jerome's mind is perfectly open
on the question of whether Thaw is
sane or insane at the present time.

At no time have the alienists for
the prosecution had a chance to ex-
amine Thaw, and Mr. Jerome has
frequently referred to that during
the trial while Thaw's experts were
on the stand and an attempt was be-
ing made to get in evidence state-
ments made by Thaw in the Tombs
after the shooting. Mr. Jerome's at-
titude has been that he wanted to
get at the truth, but it had to be
done in a legal manner.

VERY FOUND OF LITTLE GIRLS

Was Samuel Ferguson, According to
An Affidavit Upon Which He
Was Arrested This
Morning.

Samuel Ferguson, a prominent
east High street grocer, was arrested
this morning on an affidavit filed by the
mother of Nettie Haskins, aged ten
years, of 840 east North street.

Mrs. Haskins signed affidavits
charging Ferguson with using inde-
cent language and with indecent
behavior.

She says that last Tuesday when
her daughter and Edith Tilton, both
ten years of age, were in Ferguson's
grocery, the proprietor, after giving
them candy, made proposals that
caused the girls to hurriedly leave the
place and tell their parents of their
experience.

Mrs. Haskins is a widow of un-
doubted respectability, who supports
herself and two little daughters by
working in one of the local cigar
factories.

Ferguson gave bond to appear in
court on Monday.

JUROR WILL RETURN TO THE THAW TRIAL.

There May Be No Possibility of a Mistrial in the Celebrated Case.

Valentines for Prisoner—Jerome Not to Ask for Appointment of Lunacy Commission—Thaw Sound.

New York, Feb. 16.—Despite the apprehension felt over the interruption of the trial of Harry K. Thaw, there appears no basis for a doubt that the case will be resumed Monday as planned. Juror Joseph B. Bolton, the death of whose wife necessitated the present recess, has, it was stated last night, communicated to Judge Fitzgerald his expectation of being able to take his place in the jury box. The funeral service for Mrs. Bolton will be held tomorrow.

Thaw, who had been reported as cast down at the possibility of a mistrial, declared himself in good health when his wife visited him today. The prisoner went over the hundred or more letters and belated valentines that the morning mail brought him. None seemed to please him more than a sympathetic message from a little girl in Baltimore.

It is not expected now that Mr. Jerome will ask for the appointment of a lunacy commission. He made this point clear today, on the part of the prosecution, which Lawyer Del-O'Reilly insisted on behalf of the defense that Thaw is of sound mind today, and that therefore it would be futile to apply for such a commission. Both sides, it is understood, desire to have the case tried out.

All the other experts to be called by the defense will, it is said, testify Thaw is of sound mind today. The alienists for the prosecution will, it is said, insist that on their opinion Thaw is not only sane today, but that he was sane the day after he killed Stanford White. These experts are Drs. Flint, MacDonald and Watson, three of the best recognized alienists in this country. They will, it is understood, testify that they have had no way of determining whether Thaw was insane when he killed White; that when they saw the prisoner, June 16, and again June 27, he refused to submit to an examination and although during the trial they have observed him in court they have not been permitted to converse with him.

Plans Announced.

The defense announced today their plans for next week. Dr. Wagner and Dr. Evans will be recalled to tell of conversations had with Thaw and when the court has ruled may be admitted. The prisoner's wife will then conclude her story, after which Mrs. William Thaw, the defendant's mother, will be called. With her the ordeal, it is understood, will be made as brief as possible. Mrs. Thaw is expected to tell of the early life of Thaw, her son, and whether she discovered in him anything having a bearing on the present question of his recent insanity. Anthony Comstock, of the Society for the Suppression of Vice, and E. Fellow Jenkins, superintendent and secretary of the Gerry society, have been, it is reported, subpoenaed by the defense.

Not Insane

Now.

As the case stands Thaw is assumed to be of sound mind. None of the experts called by the defense has said that Thaw is insane now. Dr. Evans, whose testimony is not complete testified this week that in his opinion Thaw was of unsound mind when he killed White, also that he was of unsound mind during the first three visits he made to the Tombs but that Thaw has improved since.

SPORTING EVENTS

FRED BARTL

Middle-Weight Wrestler, Who is Anxious to Try Conclusions With Eddie Barr, of Cincinnati.

(Cincinnati Enquirer.)

Fred Bartl, the demon wrestler of Marion, and his manager, Ed. Finley, of Lima, were in town yesterday, coming from Nashville, where Bartl had no trouble in winning two falls from Jack Lewis on Tuesday night. It was the first wrestling match held in Nashville for 14 years, and attracted a big house. Bartl will wrestle a handicap match at Fostoria, agreeing to throw Kink Yates three times in an hour. Next Tuesday night at Lima he meets Henry Gehring, of Cleveland, at catch-as-catch-can, best two out of three falls. He is very anxious to secure a match with Eddie Barr, and will let the Cincinnati boy make his own terms. If Barr accepts this challenge Manager Finley will at once post a forfeit with The Enquirer, and he is willing to back Bartl for any sum up to \$500. He would like to have the bout, if arranged, take place either in Cincinnati or Dayton, where Bartl expects to establish permanent headquarters.

The visitors put up a game struggle, but were out-classed in passing the ball. Dennison was best in shooting into the baskets. Doupland starred for Wooster. Final score was 25 to 20.

last evening in honor of Mrs. Chas. Cusic. Thirty-three of her friends called to bid her goodbye and to say that she was surprised would be putting it very mildly, for it was one of the most complete surprises ever given. The evening was spent in music, Mr. John Allen furnishing the piano music, while Miss Conway, formerly of New York City, gave numerous selections on the mandolin. Miss Maud Ballard, Mrs. Chas. Cusic, Mrs. Fred Schneider, Mrs. Chas. Bowman gave many vocal selections, and Mr. Chas. Richmond furnished excellent photograph music. At the close of the evening Mrs. Cusic was presented with a beautiful Bible which will always remind her of her many friends in Lima. Delicious refreshments were served, after which all departed wishing Mrs. Cusic much happiness in her new home at Cincinnati, which place she left for this morning.

Mrs. Shrouder is recovering from a serious attack of la grippe.

Cures all kidney, bladder and rheumatic troubles; sold by all druggists, or two months treatment by mail, for \$1. Dr. E. W. Hall, 2925 Olive Street, St. Louis, Mo. Send for testimonials.

FORD SAYS.

"I am willing to wager any amount from \$100 to \$5000 that there is no handcuff made, or a straight jacket in existence that I cannot escape from in less than one half hour."

When asked why he felt so confident of his ability he replied: "In the past 16 years I have traveled around the world almost 5 times, covering 27 different countries have been tried as to my ability to escape from all means of police or asylum restraint by the brightest by clever mechanics who devised specially constructed locks, there is no man living who can truthfully say that he kept me prisoner."

In this country the metropolitan police of N. Y. City, the central office detectives of Philadelphia, the U. S. Secret Service agents in Washington and the famous "Hub" police of Boston have all tried and none as yet have ever succeeded."

In Europe the Scotland Yard of England, the Gendarmes of France the police of Germany, Italy and Spain all followed in the footsteps of Russia, Siberian torture mongers who tried their famous transport shackles. "Why should I not feel confident then?" I hope some one here will try something unusual on me it makes it more interesting to the audience.

STURDY FARMERS KEEP OFF ALL CATARRHAL ILLS BY TAKING PE-RU-NA.

MR. GEO. H. THOMPSON.

At Work on the Farm and
Feeling Well All the Time.

Geo. H. Thompson, Craft,
Miss., writes:

"I have been cured of catarrh by your medicine, Peruna and Manalin. I had been affected with catarrh of the stomach about all my life, and was taken bad every Spring and Summer.

"I used several kinds of patent medicines, but they did me no good. I then took a treatment under an M. D., which did me but little good. By this time I had come to where I could eat nothing but a little soup. I had severe pains, had lost in weight and could not do anything. I began taking your medicines, Peruna and Manalin. I then weighed 125 pounds, but after taking several bottles of Peruna and one bottle of Manalin, I weighed 160 pounds.

"I am now at work on the farm and feel well all the time. I eat all I want to and my friends say that I look better than ever before. I will ever praise Peruna for its healing power."

Peruna is a Systemic Remedy.
If Peruna proves efficient for catarrh in one place, it will be equally potent in any other place, because it is a systemic remedy.

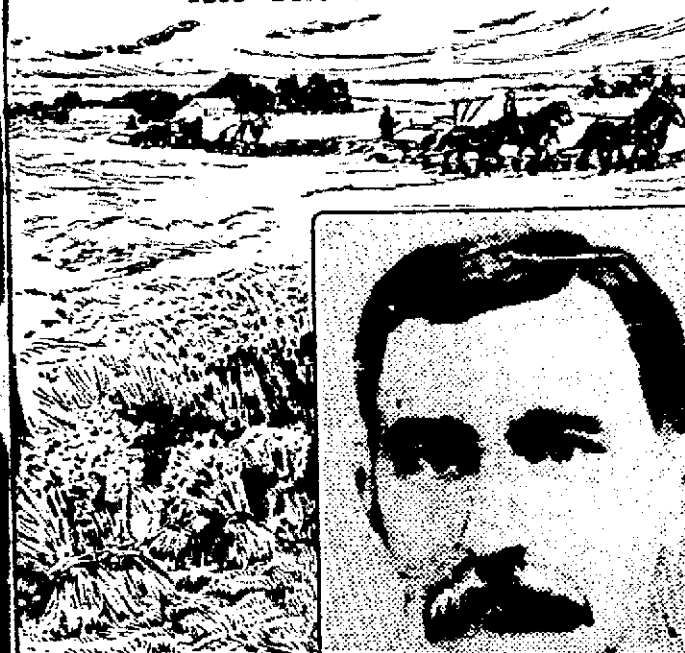

The people generally are very much misinformed as to the nature of catarrh. Catarrh is usually believed to be confined to the head, nose and throat. Lately we sometimes hear of catarrh of the stomach and catarrh of the bowels. Indeed, if ever, do we hear of catarrh of any other organs.

It is not because these organs are not subject to catarrh, nor that catarrh of these organs is not a very common disease, but simply because it is not generally known that affections of these organs may be due to catarrh.

MR. GUSTAV SCHMIDT.

Pe-ru-na, a Most Reliable Remedy For
All Climatic Ailments.

MR. HENRY SCHROEDER.

Chronic Catarrh of
Head and Throat Lasted
Thirty Years.

A Letter Praising Pe-ru-na.

Mr. Gustav Schmidt, Spring Valley, Ill., writes:

"I had catarrh of the head and throat for over thirty years. It became worse every year. About three months ago I commenced to take Peruna and Manalin, and now I am entirely cured of that troublesome sickness. Your medicine is surely a blessing to mankind. You can truly say that you have not lived in vain. Doctor, and I thank you for the good you have done me. May you enjoy a long life to help suffering humanity."

DR. HARTMAN, THE FARMER.

Dr. S. B. Hartman, the inventor and original manufacturer of Peruna, is one of the best farmers in the Middle West. His farm comprises several thousand acres of the best land in the State of Ohio, located near the City of Columbus. As an importer of French Percheron and German Coach-horses, the Doctor has not an equal in this country.

The fowl-raising department is a marvel of ingenuity and perfection; but, perhaps the dairy department is where the Doctor shows his greatest sense of order and sanitary science.

His milk cows, of the purest Jersey stock, have all been subjected to the tuberculin tests, and he gives to the City of Columbus a pure milk, certified by the Board of Health.

The milk stables, the milk men and the whole process of milking are absolutely faultless and clean.

The Doctor himself, past 70 years of age, is the managing head of the farm.

He himself supervises the working details of every department.

He is a model of strength and vitality, and since Peruna is the only remedy he ever makes personal use of, his physical condition is a testimonial to the efficacy of Peruna of greater value than could be framed in words.

Dr. Hartman is one of the few doctors who take their own medicine and his splendid physique and strength in his old age are an eloquent argument for Peruna very difficult to gainsay.

Dr. Hartman, being a farmer himself, knows what the farmer needs and in speaking of Peruna to the farmer he speaks to his own kind of people.

Peruna For Cough Trouble.

Mr. Stanley Bell, A. B. H. Ohio, writes: "I was afflicted with rheumatism so badly that it was painful for me to move. I took two or three bottles of Peruna when I began to feel better. It also gave me relief from bowel trouble."

Mother-in-Law Proves Undoing

HE MARRIED WIFE AFTER EXTRACTING PROMISE THAT "MAMMA" WOULD NOT LIVE WITH THEM.

The Older Woman Got Wise to the Contract—Then, According to Answer to Petition for Divorce, the Inate Parent-in-Law Pulled Son's Hair.

Findlay, Feb. 16.—James B. Bright in his answer filed yesterday to the petition of his wife, Jennie Bright, who asks alimony, admits that the pre-nuptial arrangement with his wife was that his mother-in-law should not live with them, because of her ill-temper and disposition.

As soon as it was known, the mother-in-law resented this and immediately bent her son-in-law and pulled his hair, which, he says, he suffered without resistance.

He says his life has become like a London fog. The petitioner alleges, also, that the only reason his wife left his home in the country, which

is one of modern conveniences, is because he had no lumber with which to make her a box for her skirts.

A NOTRE DAME LADY'S APPEAL.

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box R, Notre Dame, Ind.

JUST LIKE OTHER FOLKS.

Miss Dot Ford, the handsome queen who, with her brother, Don Ford, has been mystifying large crowds at the Orphium Theatre this week, had a peculiar experience yesterday afternoon.

Having occasion to visit a dressmaker about some sewing she explained to the lady her wants and then told her who she was. The lady gasped and said, "Let me look at you." After scrutinizing Miss Ford

for a moment or so she added, "Why you're just like other folks ain't you?" Miss Ford laughingly acknowledged that she was. She says it is not unusual for people to insist that she is a spiritualist, or some other student of occult science.

BILL AT THE ORPHIUM NEXT WEEK.

The Three Deobolon Bros., Pres. and Acrobats.
Ross Sisters, Singers and Dancers.
Williams & Mayer, Society Sketch Artists.

Budworth & Wells, Comedy Act.
Toki Murai, Novelty Act.
Helen Keller—Soprano.
Twentieth Century Orpheumscope.

"In New York Town" Hurlig & Seamon's new musical oddity is the attraction billed for Monday night at the Faurot Opera House.

"In New York Town" as the title implies, is based on the life of the famous comedian, who was a native of the great metropolis and who has been a success in the musical and comedy world for many years. The play is a comedy and is a very clever and original production. It is a play that has been seen on any stage in recent years.

Of all the recent big productions that have been seen on any stage in recent years, "In New York Town" is by far the most successful. It is a play that has been seen on any stage in recent years. It is a play that has been seen on any stage in recent years. It is a play that has been seen on any stage in recent years.

"In New York Town" is the joint effort of William Holcomb and Loney Haskell, while the music was especially written by Ted Taylor and Chas. Howard. The play is a comedy and is a very clever and original production. It is a play that has been seen on any stage in recent years.

The ensemble were arranged and produced by Jack Mason and are one of the most successful productions of the season. The play is a comedy and is a very clever and original production. It is a play that has been seen on any stage in recent years.

"In New York Town" is not a hedge-podge by any means, but one of those effervescent and up-to-date musical oddities that never fail to please even the most fastidious of audiences from the rise until the final fall of the curtain on the last act.

THE ORPHIUM.

Promises another treat to its patrons next week. Manager Williams is not only keeping up to the standard of the past but is each week introducing new and novel features for next week the bill consists of novelty and comedy acts, headed by "The Three Deobolon Bros." America's greatest comedy novelties. Ross Sisters in a refined singing act. Williams & Mayer in a one act comedy playlet. Budworth & Wells, comedians, singers and dancers. Toki Murai, the greatest Japanese novelty act in vaudeville. Helen Keller, soprano. The famous Bell Ringer's daughter will be the motion picture for the coming week.

This is said to be one of the best motion pictures ever presented. Manager Williams is having a new picture machine installed and the best picture ever seen in Lima will be shown.

Under the name of "Dreamland" a new place of amusement is to be opened Thursday, February 21st, by W. E. Gaddy and Richard Roe, amusement promoters and proprietors of the Dreamland Amusement Co. A long lease has been secured on the Holmridge building on the southeast side of the square, which is now being remodeled and an electric front being put in, and a most

attractive little place is promised. The very latest features in motion picture films and latest illustrated songs are to be offered. The performances will practically be continuous as they will be given every half hour, afternoon and evening. The price of admission is to be five cents. The management say that they cater especially to the ladies and children and that at no time will an objectionable feature be met with. This form of amusement should appeal to afternoon shoppers and evening amusement seekers who wish to be entertained for a short time. These places when conducted on the proper lines are always a success and no doubt the Dreamland will receive the patronage of the lovers of good motion pictures.

\$5000 CHALLENGE.

This is the challenge which Don and Det Ford, the King and Queen of Handcuffs, now appearing at the Orpheum theater, offer to any expert in the world.

The only conditions are that the expert must escape from the same position as Don Ford and from a number of irons as quickly as does Miss Ford, who is the only lady expert in the world.

The Fords' work created such a sensation in Richmond, Ind., that there were fully 1000 people turned away night after night even after all the aisles, orchestra, pit and stage were packed.

So far Honolulu, Bindamom and Canning have refused the Fords' challenge and they are awaiting any others that wish to try.

WONDERFUL

Skill Exhibited by Don Ford Last Night in Removing Straight Jacket.

Don Ford, the handcuff expert of the world, stepped before one of the largest audiences ever in the Orpheum Theatre last night, to undertake one of the hardest pieces of work ever known to mankind. Mr. Ford was bound in an insane straight jacket by Mr. Cowling, of Toledo, who had put a large wager that he could not escape within half an hour. But with great surprise both to Mr. Cowling and the audience, he released himself within the short and remarkable time of eight minutes. Mr. Ford after his escape, stated that if he had had to remain much longer he would have been entirely exhausted. It is simply showing what can be done if one only knows how.

Mr. and Mrs. Charles Stout, of Toledo, are in the city.

Heart Disease

is caused by sand-like uric acid crystals from your blood lodging on the edges of your heart valves, so that they cannot open and close properly. Your heart-action becomes irregular, because part of your blood leaks back—acting in the same way as water in the leaky valve of a pump—or these crystals may be deposited in the walls of the heart. The heart is slow to give the disease-signal of pain. So, if you feel the least unpleasant sensation in or about your heart, beware of heart disease.

There is only one way to clear your system of uric acid and be safe from its death-dealing effects. You must give your blood something that will dissolve and throw out the uric acid crystals, wherever they may be. LIFE PLANT has this power. LIFE PLANT is Nature's own remedy for uric acid diseases. And because it is Nature's own remedy, it is as safe as it is sure. LIFE PLANT gently washes away the uric acid sand which irritates and interferes with your heart, or any other organ or part of your body. Read what the Hon. D. J. Myers, of Circleville, O., writes:

"In regard to your LIFE PLANT I heartily endorse it as the best medicine on the market. I have no further to say for further information at Circleville, Ohio."

No matter what ailment you may be suffering from, write your symptoms fully to I. J. Mizer, M. D., President of the Life Plant Co., Canton, O., and he will send you his personal advice, free. Our very valuable book—GOOD HEALTH—mailed free to anyone on request.

INDICATIONS

ARE THAT THE THAW CASE WILL NOT BE DELAYED ANY LONGER THAN MONDAY.

New York, Feb. 15.—Death intervened in the Thaw trial and brought the proceedings to a sudden halt at one of the most critical stages.

Mrs. Joseph Bolton, wife of Juror No. 11, succumbed to pneumonia, with which she had been suffering for three days. Court adjourned until Monday morning.

Acting on the suggestion of District Attorney Jerome, the defense consented, the presiding Justice lifted the ban which has kept the jurors sequestered since the beginning of the trial, and permitted them to go to their respective homes under a pledge of honor not to read the newspapers or discuss the case in any way.

Juror Bolton, who had been accompanied to his home by Juror Harney and Court Officer Cavanaugh, was left alone with his bereavement—the understanding being that he would report in Court on Monday, when it is believed the trial will be resumed.

Whether the trial shall be resumed then or be declared a mistrial, making it necessary to put the case back on the Court calendar, whence it will be taken up at some future date and a new beginning made, will depend entirely upon the frame of mind of Juror Bolton when he reports on Monday.

Stricken Juror's Duty.

Technically, Mr. Bolton, as a juror, is a sworn officer of the state, whose duty cannot be interfered with by any private business or bereavement. His qualification as a juror having been passed upon before the oath was administered to him, there is no legal impediment to his serving to the end, despite the severe blow which has befallen him.

As a matter of plain fact, however, there might be serious reasons why he could not continue to serve. The loss of his wife may have made such an impression on his mind that he will be unable to give the case that attention which its seriousness demands. The circumstances attending her death may have brought about in his mind certain revulsions of feeling, impressions, aversions, which would make him, unconsciously, an unfair juror to the state or to the defendant.

Heavy Blow for Thaw.

Next to Mr. Bolton the death of Mrs. Bolton fell with greatest force on Harry Thaw. He was stunned by the sudden adjournment and the possibility of a mistrial. Taken back to his cell in the "tomb" he gave way to such despair that his young wife was hurriedly sent for to quiet him. As a result of her efforts Thaw was finally brought around to a realization that the delay was unavoidable. He thereupon issued, through his counsel, a statement:

"I am very sorry for Mr. Bolton, and sympathize with him deeply."

and he said: "Naturally, I feel the delay which the death necessitates in

my trial. However, we shall have to make the best of it."

The announcement of Mrs. Bolton's death came in a manner which could not have been more dramatic had it been planned.

After two days of fighting, Delmas, by making the unimportant and, indeed, really advantageous admission that Thaw was insane during a period of three months after his arrest, had won the right to introduce in evidence the conversations the defendant had with the experts who examined him. This will enable the defense to put before the jury without calling the defendant as a witness the reasons which he gave for the shooting of Stanford White.

Delmas had cleared the way, every objection of Jerome had been met. Dr. Evans had already begun his recital—when the sentence was cut in two by Captain "Billy" Ricketts, of the Court squad, who hurried upon the bench and whispered into the ear of Justice Fitzgerald.

An Ominous Moment.

Mr. Bolton had spent a good part of the night by his wife's bedside, and as he was satisfied she was in safe hands and that his presence was not absolutely necessary, he had rejoined his fellow jurors in Broadway Central Hotel and proceeded with them to the Courthouse. His face showed signs of anxiety when he took his seat in the box with the other 11 men, but when he answered to his name on the rollcall there was the same steadiness that he had displayed when he informed Justice Fitzgerald through Ricketts he would be able to do his full duty.

As the Captain hurried to the side of Mr. Fitzgerald, Dr. Evans paused abruptly. A sudden hush fell upon the courtroom. Every one realized by instinct that the message had reference to the wife of Juror No. 11, whose illness had been heralded broadcast. Mr. Bolton, most of all, felt the jer blast that the act of Captain Ricketts sent through the room. His face paled, two great tears stood in his eyes and he gripped the arms of his chair.

Justice Fitzgerald summoned Jerome and Delmas to the desk. They consulted a minute, and it was seen that all three were laboring under great emotion. Mr. Bolton kept his gaze fixed steadily on the face of Mr. Fitzgerald, where he seemed to read the message.

"In consequence of the message which has been handed me," said

the Justice in a choking voice, "I deem it advisable to declare a recess at once until 2 o'clock."

He had not concluded before Mr. Bolton, frail and tottering, his face as white as his hair and mustache, striving vainly to conceal his emotion, was on his feet. He is the oldest member of the jury and his sweetness, gentleness and old-fashioned manner had endeared him to every man in the box. Juror Harney, himself white-haired, choked down a sob and rose to support Mr. Bolton.

Turned His Head Away.

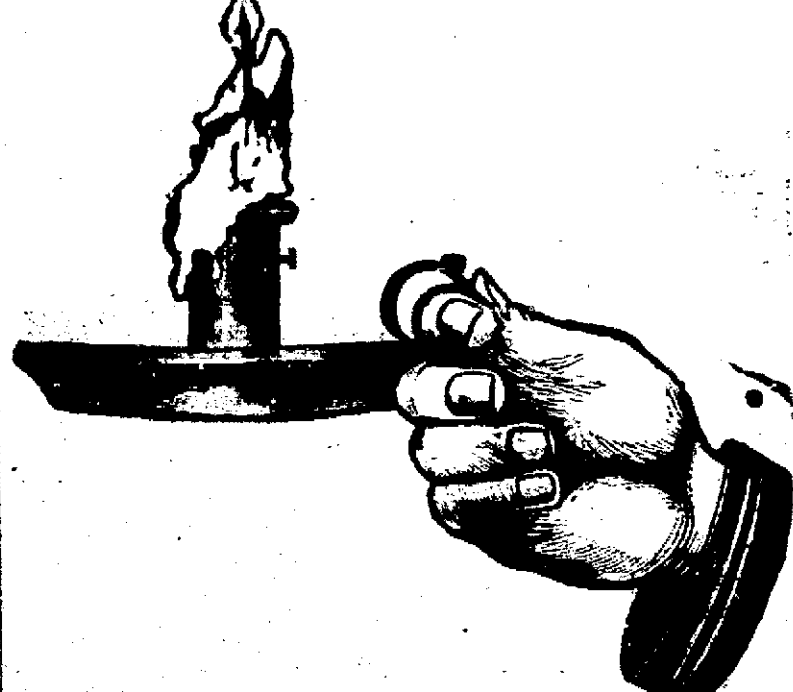

Harry Thaw turned his head away and practically every other head in the courtroom was bowed. A new stillness came over the chamber, and amid it the solemn voice of Justice Fitzgerald was heard exclaiming: "Mr. Bolton, who he intimated was needed in another place at once. His hat and coat were handed to him, and accompanied by Mr. Harney and Court Officer Cavanaugh, he hastened to his home in No. 1178 Boston road. Justice Fitzgerald immediately adjourned the Court."

LOOKING AFTER THE GRIP.

After the grip thousands of persons are left with a cough, which hurries too many of them into an untimely grave.

The grip this year affects the lungs more than heretofore, therefore it is more serious.
